DETAILED ACTION

Claim Rejections - 35 USC § 103

1. Claims 14, 15, 17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Trovinger in view of Shingo and Lane as discussed in paragraph 2 of the last office action.
2. Claims 2-8, 12, 18-20, 22-25 are allowed.
3. Applicant's arguments filed 10/1/2004 have been fully considered but they are not persuasive. In response to applicants argument regarding claim 14, the examiner first notes that Lane shows roller means 36 moving circumferentially around the surface of blade means 32. The workpiece conforms to the shape of blade 32. Lane does not show a rounded folding surface but Shingo is being used to teach this concept. Therefore, the modified invention reads on the claimed subject matter. The actual shape of the folding blade is merely a matter of design choice and is one of numerous configurations a person of ordinary skill in the art would find obvious. See in re Dailey, 149 USPQ 47 (CCPA 1976).
4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
